HELPING THE PUBLIC KNOW AND PLANTING SEEDS FOR A SECURE AND LOVING FUTURE SO NSW KNOWS

Drama and sleepless nights while Stage 3 arrive to Canberra! Last Tuesday Ashley set off with her class for a 2 day excursion to the ACT! Will they survive? Going there for their rich task, will Parliament House and The War Memorial approve their liking?

Canberra Drama with Stage 3!!!

ASHLEY TODOROVSKI

A long bus ride wasn't the start of the worries on the Stage 3 excursion to Canberra. Four hours of pain, tears laughter and joy but finally students were in the ACT. First off there was the National Portrait Gallery where they learnt about Nancy Wake and her heroic life. Then Stage 3 arrived at Parliament House and saw the politicians in **The House of Representatives**. **"I liked Parliament House since we got an opportunity to see the Prime Minister,"** Blake Yr6.

After, our class traveled to the Dinosaur museum and learnt lots of information

about dinosaurs.

Stage 3 arrived to their accommodation and took a good night's sleep or so it seemed... Then the next day Stage 3 arrived at Questacon and saw lots of different illusions and experiments!

Next the class hopped on the bus and took a trip to the Australian Institute of Sport (AIS). We all saw gyms where professional Olympians train and have trained.

Stage 3 then hopped on the bus and headed for home. While they were on the bus, Mrs Robinson treated students with a soft serve each as a prize for behaving so well. After they had finished their soft serves, Stage 3

headed for home. Stage 3 had a great time in Canberra and it was a really fun and enjoyable experience.

"Questacon was my favorite part since I love science so much," Sophie, Yr5.
